

ROAD SUPERVISOR

EMCON SERVICES INC., a progressive Road & Bridge Maintenance Contractor in BC and Ontario is currently accepting applications for the position of Supervisor for winter operations to provide leadership and direction to a highway maintenance crew in the Whitby area.

NATURE & SCOPE OF POSITION: This position is responsible for coordinating and dispatching work crews as well as overseeing regular maintenance on a fleet of snow clearing equipment. This position also requires positive interaction and productive working relationships with the Town of Whitby Operations personnel, emergency personnel and the travelling public.

This Supervisory role will be directly responsible for dispatching Equipment Operators involved in maintenance contract work as well as other contracted work within the area, and is also responsible for co-ordination and direction of the workforce in the performance of their duties. The successful candidate must have an understanding of highway maintenance specifications and workplace safety. The successful candidate must also have the ability to provide effective leadership and the ability to ensure that all work is carried out in a safe and cost-effective manner to meet or exceed these specifications.

This position requires a competent, highly motivated individual with strong leadership qualities, above average communication skills and knowledge of the road and bridge maintenance industry. Proven supervisory experience and highway maintenance and construction are key assets for this position.

Emcon Services has a mandatory drug pre-screening policy. Qualified applicants are invited to submit resumes, along with a current Driver's Abstract to:
